

The month of March is upon us, the days are getting longer and a little warmer, and daylight savings time begins in only one week.

This past year, the Westmoreland County Parks officials and staff have been incredibly generous to our club by coming through with the funds to build the new shelter. The March for Parks is the first fundraiser of the year for the parks organization, and it is important that we show our support. I am asking that as all club members and their families register as soon as possible at

www.co.westmoreland.pa.us/MFP

Team name is Mon Valley RC and team captain is Mike Eiben. Sign in at the Cedar Creek Community Center (down at the river).

The March for Parks takes place on Saturday, March 27 Between 9am and 12pm.

Last year it was voted on and approved by the membership to donate \$1,000 to the March for Parks. Unfortunately, because of covid-19, the March for Parks 2020 was cancelled and the donation was never made. All the officers of MVRC are in agreement that last years donation should be made this year.

We most likely will not have any meetings until May, when, weather permitting, we can have them outside at the field.

Soon I will begin to have discussions with the officers and executive committee regarding rolling the field and other field maintenance. Please contact Rick Altomari if you can help with cutting the grass this year. Rick's Email address is rickA18398@aol.com

Reminder: Please continue to social distance and respect each others space.

Hope to see you all soon,
Mike Eiben
